Exhibit	Description	Date
A	TSC Deposition Transcript - Excerpts	March 1, 2018

INTRODUCTION

Within days of the last Government 30(b)(6) deposition, Plaintiffs filed this Second Motion to Compel regarding deficiencies in all agencies' deposition testimony. *See* Dkt. 167. Most notably, these depositions revealed for the first time the Watchlisting Advisory Council and the Council's regular preparation of Summaries of Conclusions. Plaintiffs also learned that Chapter 11 of the FBI's *Counterterrorism Program Guide* is a governing document related to watchlisting. Specific questions about handling codes, informants, children, and core statistics related to watchlisting and terrorism were also either outside the knowledge of the deponents (although known to the agency), or the Government refused to answer. Answers to these questions relate to the deprivations Plaintiffs experience as a matter of Government watchlisting policy and practice, and the Government's interests in its current systems and procedures. Although the Government invokes the law enforcement privilege to not answer, its interests are weak whereas Plaintiffs' need for answers is compelling.

The Government complains that Plaintiffs' Second Motion to Compel overlaps with the first and constitutes an "attempt to take a second bite at this same apple." Dkt. 196-1 at 1, 14. This mischaracterizes Plaintiffs' motions and their sought-after relief. Plaintiffs' first motion focuses on written discovery and documents (Dkt. 139), while the second focuses on deposition testimony (Dkt. 167). While there is some overlap between the documents and information sought via written discovery and the questions posed during agency depositions, the Government cannot use all the same privileges to shield agency defendants' deposition testimony in the global manner they did in response to written

discovery. And the true nature of so many of their privilege assertions—asserting, for example, a law enforcement privilege over the number of children in the TSDB in a transparent attempt to avoid disclosing a reprehensible fact—becomes undeniable when the transcripts are reviewed.

ARGUMENT

I. The Government's Assertions of The Law Enforcement Privilege Should Not Prevent Disclosure Of Relevant Watchlisting Information

The Parties broadly agree on the legal standard applied to law enforcement privilege assertions. *Compare Memorandum on Second Motion to Compel, Dkt.* 170-1 at 23-26 with Opposition, Dkt. 196 at 9-11. The Government has sought to invoke the law enforcement privilege through four declarations. Dkt. 196-4 through 196-7. Even if proper, the Government's invocation of the law enforcement privilege should nonetheless be lifted because Plaintiffs can show (1) that their suit is non-frivolous and brought in good faith, (2) that the information sought is not available through other discovery or from other sources, and (3) they have a compelling need for the information. *Hugler v. BAT Masonry Co.*, 6:15cv-28, 2017 U.S. Dist. LEXIS 49027, at *11-13 (W.D. Va. Mar. 31, 2017) (citing In re The City of New York, 607 F.3d 923, 944-945 (2d Cir. 2010)). The Government does not contend that Plaintiffs' requests for watchlisting information are frivolous, or brought in bad faith, or available from other sources. The only remaining question is whether on balance Plaintiffs have demonstrated a compelling need for the information. Plaintiffs have established that the balance of interests favors disclosure of discrete law enforcement privileged information to Plaintiffs, so that the procedures surrounding the watchlist can be subjected to judicial review. *See United States v. Matish*, 193 F. Supp. 3d 585, 597 (E.D. Va. 2016).

For the ease of reference for the Parties and the Court, Plaintiffs in this Reply will largely adopt the grouping of topics the Government utilized in opposition.

a. <u>Plaintiffs Have a Compelling Need for Information about Watchlisting Advisory Council Operations and its Conclusions</u>

The Government in response to Plaintiffs' Motion to Compel has now provided significantly more detailed information about the operation of the Watchlisting Advisory Council ("WLAC") than it provided during its depositions. *Compare* 2d Groh Decl., Dkt. 196-5 ¶¶ 40-45 *with* Dkt. 170-1 at 3 (referencing all the information the FBI deponent did not know). The Government explains that the WLAC was established in 2014 as a successor to the TSC Policy Board. *Id.* ¶ 42. The Council fields "questions from member agencies about how specific provisions of the Watchlisting Guidance should be interpreted or implemented" and "drafts" and "recommends specific modifications" to the Watchlisting Guidance. *Id.* ¶ 43. These answers and recommendations are memorialized in Summaries of Conclusions. *See id.* ¶¶ 40, 43-44.

Based on this additional information the Government has now provided, Plaintiffs are narrowing the information sought by their Second Motion to Compel. Plaintiffs still maintain that a 30(b)(6) deposition of the NCTC regarding the WLAC is necessary to understand it, including to cross-examine the representations the Government makes in its declarations. Plaintiffs would seek further information regarding the WLAC's authority and reporting structure. The FBI's testimony appeared to consider the prior TSC Policy Board and the current WLAC to be effectively the same, making questions about that evolution relevant. *See, e.g.,* Dkt. 169-1, Ex. A, TSC Depo. Tr. at 31-32; Dkt. 170-2, Ex. D, FBI Depo. Tr. at 53-56.

More importantly, the Government states that the WLAC "reports" to the National Security Council (Dkt. 196 at 22), but provides no other information about the relationship between the two bodies. Nor did the FBI deponent know those answers. *See* Dkt. 170-2, FBI Depo. Tr., Ex. D at 16-20. Plaintiffs do not know what actions the National Security Council takes on Watchlisting Advisory Council recommendations – is it a rubber stamp, or does it undertake fulsome review and make major modifications? After all, the TSC previously testified that only "disagreements" at the WLAC level were escalated to the National Security Council – and those disagreements are rare because usually the WLAC is unanimous. *See, e.g.,* Reply Ex. A, TSC Depo. Tr. at 38-39, 44, 47-50, 219. Does the National Security Council itself have authority to make watchlisting changes, or is another layer of review required? The Government has not even revealed *who* the "senior government officials with the authority to approve changes to the Watchlisting Guidance" *are. See* 2d Groh Decl., Dkt. 196-5 ¶ 43. Plaintiffs have a compelling need to know how policies and procedures surrounding watchlisting and redress are set.

Plaintiffs also continue to compel the unclassified portions of the Watchlisting Advisory Council's Summaries of Conclusions. Although the Government contends that these summaries "would reflect the internal deliberate decision-making process of the WLAC," this is far from established. The Government says the WLAC is "intended to function as a deliberative, predecisional body" (2d Groh Decl., Dkt. 196-5 ¶ 44 (emphasis added)). But the agencies' deposition testimony indicates that in practice the WLAC has final decision-making authority. See, e.g., Reply Ex. A, TSC Depo. Tr. at 15 ("Our policies and procedures generally are governed by whatever the current Watch Listing Guidance is, which is promulgated by ... the Watch Listing Advisory Council."), 68, 88, 131, 197, 228-229

(TSC testimony about the WLAC generally "governing" watchlisting). *Accord* TSA Depo. Tr., Dkt. 169-1, Ex. B at 126 ("[T]here have been standards established for watchlisting via the Watchlisting Advisory Council, and TSA follows that watchlisting guidance for the standards and criteria."). To the extent Watchlisting Advisory Council actions are not "predecisional" but rather reflect actual, adhered-to, unanimous decisions, they do not qualify for the deliberative process privilege. *See, e.g., Ethyl Corp. v. United States EPA*, 25 F.3d 1241, 1248 (4th Cir. 1994) (deliberative process privilege protects drafts and recommendations which are not themselves "the policy of the agency").

It may be that the Watchlisting Advisory Council's Summaries of Conclusions are *technically* "predecisional" – but quickly become "postdecisional" once they are adopted by a higher authority. The National Security Council or other "senior government official with authority" may issue boilerplate or rubber-stamp or minor-modification decisions adopting the WLAC's recommendations. In that instance, Plaintiffs would request the Court compel the "final" decisional documents of the authoritative body which embody or reflect the WLAC's Summaries of Conclusions.

Regardless of whether the Summaries of Conclusions initially qualify for the deliberative process privilege, that privilege can be overcome by balancing the interests of the parties and showing Plaintiffs' compelling need for production. *See, e.g., Cipollone v. Liggett Grp., Inc.,* 1987 U.S. App. LEXIS 19775, at *7 (4th Cir. Feb. 13, 1987) (affirming district court decision to compel deliberative process documents in litigation). Plaintiffs have a compelling need for these Summaries of Conclusions, particularly as they relate to nomination policies, awareness of watchlisting defects, references to this or related

watchlisting litigation, redress procedures, alternative available procedures, and other core issues.

These Summaries of Conclusions fall, at a minimum, within the scope of Requests for Production 1-2 and 18 to the TSC and FBI. *See* Dkt. 139-1, Ex. A. Should the Court conclude those requests are insufficient basis to compel production, Plaintiffs would request leave to propound additional RFPs aimed at production of the Summaries of Conclusions, or any final decisional document reflecting WLAC conclusions. One or two highly targeted RFPs would is warranted in light of the Government's decision to hide the existence of WLAC until after the close of discovery. The Terrorist Screening Center has already testified that it has copies of all these Summaries of Conclusions. *See* Reply Exhibit A, TSC Depo. Tr., at 229.

b. <u>Plaintiffs Have a Compelling Need for Information about FBI Handling Codes, Informants, Counterterrorism Policy, and Watchlisting Statistics.</u>

Based on additional information the Government has now provided, Plaintiffs narrow their requests related to the FBI to those regarding FBI Handling Codes, FBI Informants, Chapter 11 of the Counterterrorism Program Guide, and FBI Statistics.

Handling Codes. The TSC declares – with only redacted explanation – that the FBI's handling codes and handling instructions are law enforcement privileged. *See* 2d Groh Decl., Dkt. 196-5 ¶¶ 29-31. Plaintiffs challenge this privilege assertion because state and local law enforcement agencies who receive the TSDB through the NCIC already publish the codes and related instructions. *See* Reply to MTC1, Dkt. 208 at 17-19. Moreover, for the reasons outlined in Plaintiffs first Reply, they have a compelling need for these codes – handling instructions relate directly to the deprivations, including potentially

unconstitutional searches and seizures, that Plaintiffs and other watchlistees experience. *See id.*

Informants. The TSC declares that it does not nominate individuals as known or suspected terrorists solely for the purpose of using them as informants. See 2d Groh Decl., Dkt. 196-5 ¶ 27. But with respect to whether the FBI ever annotates the TSDB regarding informants, or whether the FBI leverages TSDB status in relationship to informants, the FBI refuses to answer on the basis of law enforcement privilege. *Id.* Plaintiffs here have been recruited as informants in direct connection with their watchlist status. See, e.g., MTC1 Reply Ex. I, Dkt. 208-1, Ahmed Depo. Tr. at 25-31. There are numerous other public examples of American Muslims who have had the FBI parlay or retaliate with a watchlist status in connection with recruiting Muslims as informants. See, e.g., Compl., Dkt. 22 ¶¶ 100-101. Just last week the Second Circuit reinstated the Religious Freedom Restoration Act claims of five American Muslim plaintiffs who had each been approached by the FBI, then had their watchlist status leveraged against them in connection with being recruited as informants. *See Tanvir v. Tanzin*, No. 16-1176, slip. op. at 4-15 (2d Cir. May 2, 2018). The U.S. Commission on Civil Rights called in 2014 for improved "independent oversight of use of informants in counterterrorism" particularly in connection with houses of worship.¹

Plaintiffs have a compelling need to know the relationship between the watchlist and FBI (or CBP) informants.² For example, the FBI or CBP may consider refusal to become

¹ See Federal Civil Rights Engagement With Arab and Muslim American Communities, U.S. COMMISSION ON CIVIL RIGHTS (Sept. 2014), p. available at http://www.usccr.gov/pubs/ARAB_MUSLIM_9-30-14.pdf.

 $^{^2}$ Because the same rationales apply to the CBP's invocation of law enforcement privilege regarding its recruitment of informants (Howe Decl., Dkt. 196-7 \P 15) Plaintiffs address it here.

an informant as derogatory information supporting nomination; the FBI or CBP may also consider agreement to become an informant as positive information supporting removal. The FBI may instruct agents about the value of the TSDB as an intelligence-gathering measure against Muslim communities. Any information which indicates that a significant Government interest in the watchlist is not the prevention of terrorist acts by listed individuals, but rather the expansion of informant infrastructure within communities, is probative. It weakens the Government's interests in the watchlist, increases the erroneous deprivations of listees, and bears on the adequacies of current procedures.

Counterterrorism Guide. The FBI testified in its deposition about the importance of Chapter 11 of the Counterterrorism Policy Guide to Watchlisting. The FBI is primarily responsible for domestic counterterrorism operations and watchlisting nominations. In opposition, the Government explains that Chapter 11 contains information about "the type, quality, and amount of information needed to watchlist an individual, as well as how watchlisting is shared with foreign and domestic partners." 2d McGarrity Decl., Dkt. 196-6 ¶ 14. It includes "Detailed information about watchlisting nomination and inclusion, including examples of the application of the criteria, the Selectee List inclusion standards. handling codes and an explanation of the relationship between watchlisting and ongoing investigations." *Id.* ¶ 15. All of this is precisely why Plaintiffs have a compelling need to review the unclassified portions of Chapter 11. Plaintiffs need to assess the Government's interests in its watchlisting practices, the risks of erroneous deprivation inherent in those practices, and whether official Government policy targets the American Muslim community for disfavored treatment. This document, even more so than the Watchlisting Guidance, appears to bear on how the FBI uses the watchlist in its day-to-day work, including with

respect to investigations, non-investigative subjects, and informants. These questions have long been implicated by the Plaintiffs' claims, and deserve to be resolved through production of Chapter 11.

Statistics. Plaintiffs have requested information about the number and breakdown of nominations the FBI makes to the TSDB each year. This is information substantially similar to the chart the Government already provided in response to Interrogatory No. 7. MTC1 Ex. B, Dkt. 139-1 at 22. Plaintiffs simply request for the same chart to be broken down by the FBI's own actions. Although the Government asserts that it does not track the "failure to provide sufficient substantive derogatory information," it raises no such concern regarding the FBI's involvement in nominations generally. Plaintiffs have a compelling need for this information because they are United States citizens and the FBI is the primary driver of domestic (as opposed to international) watchlisting. The FBI's own statistics will therefore be highly indicative of the scope of domestic watchlist operations.

Plaintiffs have also requested information regarding the FBI's public disclosures of watchlist status of perpetrators, arrestees, and criminal defendants related to acts of terrorism. Although the Government contends that because this information would be "found in public court filings, defendants are in no better position than plaintiffs to search for" it, this is nonsensical. The Government knows better what terrorism cases exist, what it has prosecuted, and what it has publicly filed. No mechanism yet exists for Plaintiffs to search the internal contents of criminal ECF filings across all federal district courts for "TSDB" and "terrorist watchlist." The Government's internal knowledge and internal case management systems are far more likely to efficiently find its own public filings. The

Government asserts no privilege related to information it has published, and therefore Plaintiffs respectfully request this search be compelled.

c. <u>Plaintiffs have a Compelling Need for Information about CBP Border Practices</u> Related to Watchlistees

Based on additional information the Government has now provided, Plaintiffs narrow their requests related to the CBP to CBP Informants (addressed above), as well as CBP Handling Codes and CBP Statistics.

Handling Codes. Plaintiffs rationale for needing CBP handling codes and instructions is comparable to their need for codes from the FBI, see supra. The CBP testified repeatedly about its use of an "armed and dangerous" message that may be displayed in conjunction with TSDB listees. See Dkt 170-1 at 14-17. The CBP now declares that it has no policy which requires aggressive operational responses (e.g. handcuffs, guns) due to TSDB status. Howe Decl., Dkt. 196-7 ¶ 12. CBP invokes the law enforcement privilege and refuses to answer, however, whether "armed and dangerous" codes or aggressive operational responses to TSDB listees may be something less than required – i.e. recommended, or approved, or common. Plaintiffs at this point also do not know whether "armed and dangerous" is an annotation added by the CBP itself, whether it is automatically mapped onto some TSDB listees based on their separate NCIC handling codes, or whether the annotation attaches to TSDB listees via some other mechanism. Plaintiffs have a compelling need for this information, for the reasons previously outlined in connection with FBI handling codes, *supra*, and in their Reply to their First Motion to Compel. See Dkt. 208 at 16-19.

Statistics. The CBP contends that it does not track, and it would be burdensome to track, much of the statistical information sought by Plaintiffs. At a minimum, however, the

CBP clearly *does* track encounters with TSDB listees, and has published statistics related to those encounters from 2017. *See* Howe Decl., Dkt. 196-7 ¶ 26. Plaintiffs accordingly seek to compel, at a minimum, the same CBP encounter data for the last 10 years, as well as how many, if any, of those encounters led to terrorism-related arrests.

d. <u>Plaintiffs Crossreference their Reply to their First Motion to Compel for Discussion if Their Compelling Need for Watchlisting Guidance and Standards</u>

The Government in opposition outlined twelve pieces of information also sought by Plaintiffs' pending First Motion to Compel. *See* Dkt. 196 at 4-5 (discussing Dkt. 170-1 at 6-11). Plaintiffs agree these items overlap; the purpose of the overlap was to demonstrate how agency testimony obtained following the filing of the first motion to compel emphasized Plaintiffs' need for the Watchlisting Guidance, its substantive nomination standards including exceptions, and its evolution. Because information about the Watchlisting Guidance is diffuse, many of Plaintiffs' deposition questions do not implicate TSA's SSI assertions. Accordingly, Plaintiffs cross-reference their Reply in support of their First Motion to Compel with respect to their compelling need for governing watchlisting information. *See* Dkt. 208 at 11-16.

II. Plaintiffs May Seek Consideration Of The TSA's SSI Order In The Court of Appeals.

In response to Plaintiffs' First Motion to Compel, the TSA issued a Final Order designating discrete categories of information as SSI. *See* Dkt. 178-21. The Government has reattached that Final Order as an exhibit to their response to this Second Motion to Compel. *See* Dkt. 196-8. The Final Order includes criteria for the No Fly, Selectee and Expanded Selectee lists (*id.* at 2-3, 5-7), technical details of watchlist matching during aviation screening (*id.* at 4), specific screening measures and security measures used by the

TSA (*id.* at 5), and certain aggregate watchlist statistics (*id.* at 7-8). According to the Government, this Final Order covers the six pieces of information about TSA watchlisting practices Plaintiffs seek in their Second Motion to Compel. *See* Dkt. 196 at 7, 36-38.

The TSA's SSI designations are overbroad, particularly regarding the criteria for designating individuals as No Fly, Selectee, or Expanded Selectee. These TSDB criteria and classifications are the product of Watchlisting Advisory Council discussion and consensus, a council chaired by non-DHS agencies. Individual nominations are submitted by all watchlisting agencies, not just the TSA. The *sole* power to approve someone to the TSDB or any of the component lists is held by the TSC. *See, e.g.,* Watchlisting Overview, Dkt. 139-1, Ex. O at 4. The fact that the TSA receives an export of the TSDB to use designations nominated and approved by other agencies does not mean the entire TSDB and its criteria qualify as SSI.

In light of the TSA Final Order and for purposes of this Second Motion to Compel, however, Plaintiffs will no longer pursue the information TSA purports to have the authority to designate as SSI. Plaintiffs intend to file a petition to review some of the Government's SSI designations in the Court of Appeals.

III. The Government's Threshold Objections On Timing And Conferring Should Be Rejected

The Government separately raises several threshold objections to Plaintiffs' Second Motion to Compel, principally that the requested information relates to prior written discovery, or was insufficiently conferred³ about. *See* Dkt. 196 at 18-20. The Government

³ The parties have exhaustively conferred about everything and have been in near daily contact throughout 2018. The defendants made clear long ago that no statistical information beyond what they initially produced would be provided, that no additional information about the inclusion standards would be provided, and that there was not room

also objects that some of Plaintiff's deposition questions sought information related to prior written discovery. *See, e.g.,* Dkt. 196 at 3, 14-19. There is no provision in the Federal Rules of Civil Procedure, however, that bars overlap between written and verbal discovery.

Due to additional information provided by the Government, Plaintiffs have narrowed the relief sought by this motion, including most of what the Government's technical objections cover. This includes the withdrawal of requests for NCIC policy documents and the current "DIOG" manual. Plaintiffs do continue to seek Chapter 11 of the Counterterrorism Policy Guide (TSCA0234), as discussed above. Chapter 11 was added to this motion solely because the FBI testified on April 9 that Chapter 11 governed watchlisting. *See* Dkt. 170-1 at 12. Prior to that time Plaintiffs lacked enough information about the Counterterrorism Policy Guide or its contents to understand its watchlisting importance. Plaintiffs did not seek to compel Chapter 11 in their first motion in consideration of the Government's privilege log indication that portions of the 203-page document are classified. As stated above, Plaintiffs now seek only an unclassified version of a single chapter.

CONCLUSION

For the foregoing reasons, Plaintiffs respectfully request the Court GRANT their Second Motion to Compel, as narrowed by this Reply.

Respectfully submitted,

COUNCIL ON AMERICAN-ISLAMIC RELATIONS

to discuss a resolution of the written discovery issues short of motion practice. Indeed, the parties have continued to confer—including a resolution yesterday regarding some of the foreign documents.

ı									1.
	1	stated	in	my	previous	answer,	established	and	gave

- 2 rise to it. But there have been many subsequent
- 3 executive orders and other direction from the
- 4 attorney general that modifies that. So I think
- there's a whole constellation of authorities that
- govern what we do.
- BY MR. ABBAS:
- Q. Does another agency control the Terror
- Screening Center?
- 10 MS. KONKOLY: Objection. Vague.
- THE WITNESS: Again, what do you mean by 11
- 12 control?
- BY MR. ABBAS: 13
- Q. Can another federal government agency
- 15 tell the Terror Screening Center what to do?
- 16 MS. KONKOLY: Objection. Vague.
- 17 THE WITNESS: The Terror Screening Center
- 18 is an interagency body, which works to facilitate
- 19 the mission of many other agencies. So to say that
- 20 can another agency order us -- is that what you are
- 21 saying? Tell us to do something we don't want to
- 22 do?

BY MR. ABBAS:

- Q. Sure. Let me ask you that. Can another
- agency command the Terror Screening Center to do
- something?
- 5 MS. KONKOLY: Objection. Vague.
- THE WITNESS: The Terror Screening Center 6
- is administered by the FBI, so that our chain of
- command goes through the FBI.
- 9 BY MR. ABBAS:
- 10 Q. So the FBI can tell the Terror Screening
- 11 Center what to do?
- 12 MS. KONKOLY: Objection.
- 13 Mischaracterized prior testimony.
- BY MR. ABBAS:
- 15 Q. I will withdraw my question. Can the FBI
- 16 tell the Terror Screening Center what to do?
- 17 MS. KONKOLY: Objection. Vague. Go 18 ahead.
- 19 THE WITNESS: Generally, yes.
- 20 BY MR. ABBAS:
- Q. Please elaborate on why you attach the 21
- 22 qualification generally to your answer.

- A. Because in the service of our other
- partners, both from the nominations and the
- encounter side of things, we work to facilitate
- their mission. Our policies and procedures
- generally are governed by whatever the current Watch
- Listing Guidance is, which is promulgated by an
- interagency -- you know, the Watch Listing Advisory
- Council, which certainly includes many, many other
- 9 parties other than the FBI. Generally, that council
- 10 works through consensus. If there is ultimately a
- 11 disagreement, then that's going to be handled
- 12 through other processes. And the FBI, of course, is
- 13 also part of that.
- Q. As an aside, Mr. Groh, at times you will
- 15 hear me say Arizona. At times you will hear me say
- 16 Indiana. I am just making notes to myself in the
- 17 transcript. So please excuse me. What agencies are
- 18 a part of the Watch Listing Advisory Council?
- MS. KONKOLY: Objection. A complete
- 20 answer to that question would implicate law
- 21 enforcement and potentially state secrets
- 22 privileges. But you can answer to the extent that
- 1 you can without waiving either of those.

 - THE WITNESS: Sure. It is basically made
 - up of agencies that are involved in either
 - nominating identities to the Terror Screening
 - Database or that then screen from our database.
 - That would certainly include our colleagues from
 - both of those pools of organizations. It does

 - include, of course, TSA. It does include the FBI.
 - 9 BY MR. ABBAS:
 - 10 Q. You can go ahead.
 - A. And it includes, for instance, members of 12 the intelligence community. But I can't get into 13 more detail as to specifics with that.
 - Q. I am going -- I don't think you answered
 - 15 the question. What agencies comprise the Watch
 - 16 Listing Advisory Council?
 - MS. KONKOLY: I am going to assert the 18 same objection that a comprehensive answer to that

21 answered to the extent that he can without waiving

- 19 question would implicate the law enforcement
- 20 privilege. I believe the witness has already
- 22 the privilege. To the extent there is anything

the Watch Listing Advisory Council's consultative 2 process?

- A. Yes.
- Q. And the Watch Listing Guidance has been
- the product of the Watch Listing Advisory Council's
- unanimous consensus each time it has been issued?
- A. To the best of my knowledge, yes.
- Q. What is the Terror Screening Database? I
- 9 am sorry. A few more questions on the Terror
- 10 Screening Center. The Terror Screening Center, you
- 11 said, was created in 2003?
- 12 A. Yes.
- Q. Was there -- did the Watch Listing 13
- 14 Advisory Council exist in 2003?
- A. Pursuant to my previous answer, I don't
- 16 know precisely when that body was composed. I know
- 17 the attorney general directed the FBI to stand up
- 18 Terror Screening Center in 2003. I don't know the 19 precise sequence of events following that.
- Q. And you might not know, and that's fine.
- 21 You know, if you don't know, that's a reasonable
- 22 answer. But just for the clarity of the record, did
- 1 the Watch Listing Advisory Council exist in 2003?
- MS. KONKOLY: Objection. Asked and
- 3 answered.
- THE WITNESS: I don't know when it was
- 5 established, so.
- MR. ABBAS: Indiana. 6
- 7 BY MR. ABBAS:
- Q. Did the Watch Listing Advisory Council 8
- produce a Watch Listing Guidance in 2003?
- 10 MS. KONKOLY: Objection. I am going to
- 11 object on the basis of the scope of the topics we
- 12 have before us today and also potential law
- 13 enforcement sensitive information. You can answer
- 14 if you can.
- THE WITNESS: I think I have. If I don't 15
- 16 know if it existed, I wouldn't know if it did
- 17 something.
- 18 BY MR. ABBAS:
- Q. Is there a Watch Listing Guidance as old 19 20 as 2003?
- 21 MS. KONKOLY: Objection. Asked and
- 22 answered. And same objections as I stated

1 previously.

- 2 THE WITNESS: I don't know.
- 3 MR. ABBAS: Indiana.
- 4 I will just note, for the record, that
- the Magistrate Judge Anderson made it really clear
- in the hearing a few weeks ago that he quote, thinks
- 7 there needs to be some discussion as to how this has
- 8 evolved over time if that has evolved over time and
- 9 what period of time. Quote, this has to be put in
- 10 some context of a continuum, not just on the day
- 11 that the deposition gets taken.
- 12 MS. KONKOLY: And I would note, for the
- 13 record, that that discussion was in the context of
- 14 measures to improve the reliability and accuracy of
- 15 the watch listing process. And we are prepared to
- 16 testify about that today, but we do not understand
- 17 that instruction to cover every iteration Watch
- 18 Listing Guidance going back to 2003. So at a
- 19 certain point, I will need to invoke the protective 20 order.
- 21 BY MR. ABBAS:
- What is the Terror Screening Database? 22

MS. KONKOLY: Objection. Vague. 1

- Objection. Potentially it calls for law enforcement
- sensitive information or state secrets privilege.
- But you can answer to the extent that you can.
- THE WITNESS: The Terror Screening
- Database is the consolidated watch list with respect
- to terrorism for the United States Government.
- 8 BY MR. ABBAS:
- 9 Q. Who owns the Terror Screening Database?
- 10 MS. KONKOLY: Objection. Vague.
- THE WITNESS: If you mean who is
- 12 responsible to maintain it, ownership, I think,
- 13 maybe has different connotations. But if I take it
- 14 that that is your meaning, it is administered by the
- 15 Terror Screening Center.
- 16 BY MR. ABBAS:
- 17 Q. Who controls the Terror Screening
- 18 Database?
- 19 MS. KONKOLY: Objection. Vague.
- THE WITNESS: The Terror Screening 20
- 21 Center.
- 22 BY MR. ABBAS:

9

11 (41 to 44)

43

44

		41
Q.	It was TSC's testimon	y today that the FBI

- 2 controls the Terror Screening Center; is that
- 3 correct?
- 4 MS. KONKOLY: Objection.
- 5 Mischaracterizes his prior testimony. Objection.
- 6 Vague.
- 7 THE WITNESS: It is by direction of the
- 8 attorney general administered by the FBI. But see
- 9 my prior testimony with regard to the role of the 10 Watch Listing Advisory Council.
- 11 BY MR. ABBAS:
- 12 Q. Does the FBI control the Terror Screening 13 Database?
- MS. KONKOLY: Objection. Asked and 15 answered. Objection vague.
- 16 THE WITNESS: The FBI administers the 17 Terror Screening Center. The Terror Screening 18 Center administers the TSDB.
- 19 BY MR. ABBAS:
- 20 Q. Can the FBI tell the Terror Screening
- 21 Center what to do with the Terror Screening 22 Database?
- 1 MS. KONKOLY: Objection. Vague.
- 2 Objection. Asked and answered.
- THE WITNESS: I think that's an over
- 4 simplification of my prior testimony.
- 5 MR. ABBAS: There is a question. Can you
- 6 read back the question?
- 7 (The record was read.)
- MS. KONKOLY: Same objections. And I
- 9 will add -- sorry. I lost my train of thought.
- 10 Mischaracterizes prior testimony.
- 11 THE WITNESS: I go back to my same
- 12 answer. The form you put that leading question in
- 13 assumes certain things I have not testified to. And 14 my answer is it is more complex than that.
- 15 BY MR. ABBAS:
- 16 Q. So I will ask leading questions. And 17 if --
- 18 A. I know. And I will answer them as -- and 19 I will answer them as --
- 20 Q. You haven't answered it. So just let's 21 -- let me try asking it a different way. Who is the 22 person in charge of the Terror Screening Center?

- 1 MS. KONKOLY: Objection. Vague.
- THE WITNESS: The director of the Terror
- 3 Screening Center.
- 4 BY MR. ABBAS:
- 5 Q. And what's his name?
- 6 A. Charles Kable.
 - Q. Does he have a boss?
- 8 A. He does.
 - Q. Who is his boss?
- 10 A. The executive assistant director for the 11 National Security of the FBI.
- 12 Q. Can the executive assistant director -- I
- 13 am sorry. What was the title one more time?

14 A. Executive assistant director for National 15 Security.

- 16 Q. So the executive assistant director for 17 National Security of the FBI is the boss of the head 18 of the Terror Screening Center, correct?
- 19 A. Yes.
- 20 Q. Can the boss of the Terror Screening
- 21 Center's head tell the Terror Screening Center head
- 22 what to do?

- 1 MS. KONKOLY: Objection. Vague.
- 2 Objection. Asked and answered. Objection.
- 3 Misleading.
- 4 THE WITNESS: Again, I think we are at
- 5 the same place we were before. Yes. And there is
- 6 also an important role for the Watch Listing
- 7 Advisory Council and the interagency to play in
- 8 governing how the Terror Screening Center functions.
- 9 If the -- if there is disagreement, then those
- 10 disagreements would be resolved through the National
- 11 Security Council.
- 12 BY MR. ABBAS:
- 13 Q. They wouldn't be resolved through the
- 14 Watch Listing Advisory Council?
- MS. KONKOLY: Objection. Vague.
- 16 Objection.
- 17 THE WITNESS: Going with this construct,
- 18 then the situation you are describing is whether
- 19 there is not consensus with the terrorist with the
- 20 Watch Listing Advisory Council. Disagreements
- 21 within when the consensus can't be reached are
- 22 resolved through National Security Council

45

12 (45 to 48) Conducted on March 1, 2018

1 processes.

- 2 BY MR. ABBAS:
- 3 Q. Is the Watch Listing Advisory Council
- advisory or can it tell the Terror Screening Center
- what to do?
- MS. KONKOLY: Objection. Vague. 6
- THE WITNESS: Since I have already
- 8 testified that the Terror Screening Center is a
- 9 member of the Watch Listing Advisory Council, that
- 10 would mean there is not a consensus within the
- 11 council. And, again, that would go to the national
- 12 security process. And, certainly, the
- 13 administration through the national security process 14 can tell the TSC what to do.
- Q. So the National Security Council ask tell 16 the Terror Screening Center what to do?
- MS. KONKOLY: Objection.
- 18 Mischaracterizes priors testimony. Objection 19 misleading. Objection. Vague. You can answer if 20 you can.
- 21 THE WITNESS: As part of the Executive 22 Branch of the U.S. Government, yes.

46

- BY MR. ABBAS:
- Q. Can the EPA tell the Terror Screening
- Center what to do?
- A. No.
- Q. Okay. Can the FBI tell the Terror 5
- Screening Center what to do?
- MS. KONKOLY: Objection. Vague.
- 8 Objection. Misleading. Objection. Asked and
- 9 answered. This question has been posed five times
- 10 at this point. And I may need to start instructing
- 11 the witness not to answer if it is asked again.
- 12 MR. ABBAS: And I am just struggling to
- 13 understand. So I apologize for -- the repetition is
- 14 for my sake. And I apologize for covering ground
- 15 that I might have already covered. I just want to
- 16 make sure that I have a clear understanding of how 17 the Terror Screening Center works.
- MS. KONKOLY: I am just going to note, 19 for the record, that I believe that is the fourth or
- 20 fifth time that exact question has been asked. I 21 will allow the witness to answer one more time.
- 22 After that, I am going to instruct not to answer of

1 that question is posed in the exact same terms.

- BY MR. ABBAS:
- Q. Sure. So I am going to pose it in a
- little different terms. In what sense is the
- executive assistant director of the National
- Security of the FBI the boss of the head of the
- Terror Screening Center?
- A. I think that's really, really broad and
- 9 vague, hard to answer. I would say that he is the
- 10 boss in the sense that that is normally generally
- 11 thought of with the caveat that there are --
- 12 basically, if higher management in the FBI
- 13 instructed the Terror Screening Center to do
- 14 something that was contrary to the consensus reached
- 15 by the Watch Listing Advisory Council, there is a
- 16 process to go higher in the government to resolve
- 17 those differences. And even though the Terror
- 18 Screening Center is administered by the FBI, it is
- 19 truly an interagency center. And it is a complex --
- 20 what I am trying to explain is it is complex. There
- 21 is not a simple answer to your question.
- Q. Yeah, I agree that it is complex. And so
- 1 has there ever been a disagreement between TSC and
 - the FBI as to how to administer the Terror Screening
 - Database?

 - 4 MS. KONKOLY: I am going to object
 - insofar as that calls for deliberative process
- information within the deliberative process
- privilege. You can answer to the extent that you
- can.
- 9 THE WITNESS: I don't think I can get
- 10 into specifics. But I think I can say that yes, we
- 11 have had disagreements with our FBI colleagues from
- 12 time to time.
- 13 BY MR. ABBAS:
- Q. Has the National Security Council
- 15 resolved disagreements between the FBI and TSC
- 16 regarding the TSDB?
- MS. KONKOLY: Objection. Vague.
- 18 Objection. Potentially deliberative process.
- 19 Objection. Potentially law enforcement. You can
- 20 answer to extent that you can.
- 21 BY MR. ABBAS:
- 22 And just to clarify, I am just asking for

13 (49 to 52)

decisions of the National Security Council. Has the National Security Council ever made decisions that 3 resolved differences of opinion between the Terror 4 Sercening Center and the FBI as to how the TSDB 5 should be maintained and operated? MS. KONKOLY: Same objection. But you can answer. MS. KONKOLY: Same objection. But you can the history of the Terror Screening 11 Center, there has never been a disagreement between 12 the Terror Screening Center and the FBI that the 13 National Security Council has made a decision to 14 resolve? MS. KONKOLY: I am going to object. 16 Mischaracterized his prior testimony. I am going to 17 make an objection based on the scope of the topics 18 before us here today. You can answer to 20 extent that you can. 11 THE WITNESS: Not that I am aware of. 22 BY MR. ABBAS: 12 Q. Is the National Security Council's 22 authority to resolve differences between the Terror 3 Screening Center and the FBI as to how to TSDB 2 southority to resolve differences between the Terror 3 Screening Center and the FBI as to how to TSDB 4 should be the maintained and operated memorialized 5 in some document? MS. KONKOLY: Objection. Vague. 7 THE WITNESS: So I think the	Conducted on March 1, 2018							
2 National Security Council ever made decisions that a resolved differences of opinion between the Terror Screening Center and the FBI as to how the TSDB should be maintained and operated? 6 MS. KONKOLY: Same objection. But you can answer. 8 THE WITNESS: Not to my knowledge. 9 BY MR. ABBAS: Do you want us to step out? 10 MS. KONKOLY: You can step out. 11 Center, there has never been a disagreement between 12 the Terror Screening Center and the FBI that the 13 National Security Council has made a decision to 14 resolve? 15 MS. KONKOLY: I am going to object. 13 MS. KONKOLY: I am going to object. 16 Mischaractrized his prior testimony. I am going to 17 make an objection based on the scope of the topics 18 before us here today. You can answer to 20 extent that you can. 11 THE WITNESS: Not that I am aware of. 22 BY MR. ABBAS: Do you want us to step out? 12 MS. KONKOLY: You can step out. 13 MS. KONKOLY: Same objection. But you can can swere to 12 the Terror Screening Center and the FBI as to how to TSDB 4 should be the maintained and operated memorialized 5 in some document? 10 MS. KONKOLY: Objection. Vague. 11 DY MR. ABBAS: Do you want to take a second? 19 MS. KONKOLY: Dijection. Calls for a 14 minutes and 3 security Presidential — 17 A. Memoranda or memorandum. 18 Q. The National Security Presidential — 17 A. Memoranda or memorandum. 19 Memorandum was first published in 2017; is that 20 correct? 21 A. This particular one, yes.	49							
3 MS. KONKOLY: You can step out. 4 Screening Center and the FBI as to how the TSDB 5 should be maintained and operated? 5 MS. KONKOLY: Same objection. But you 7 can answer. 6 MS. KONKOLY: Same objection. But you 7 can answer. 7 THE WITNESS: Not to my knowledge. 9 BY MR. ABBAS: 10 Q. So in the history of the Terror Screening 1 Center, there has never been a disagreement between 12 the Terror Screening Center and the FBI that the 13 National Security Council has made a decision to 14 resolve? 15 MS. KONKOLY: I am going to object. 16 Mischaracterized his prior testimony. I am going to 17 make an objection based on the scope of the topics 18 before us here today. You can answer to 20 extent that you can. 19 THE WITNESS: Not that I am aware of. 22 BY MR. ABBAS: 10 Q. Is the National Security Council's 24 authority to resolve differences between the Terror 3 Screening Center and the FBI as to how to TSDB 25 in some document? 10 memorialized in the executive order. 11 BY MR. ABBAS: 1 believe it is generally 10 memorialized in the executive order. 11 BY MR. ABBAS: 1 believe it is generally 10 memorialized in the executive order. 11 BY MR. ABBAS: 1 believe it is generally 10 memorialized in the executive order. 11 BY MR. ABBAS: 1 believe it is generally 10 memorialized in the executive order. 11 BY MR. - 1 Screening Database that does not satisfy the TSDB
- 2 inclusion standard?
- 3 MS. KONKOLY: Objection. Vague.
- 4 Objection. Potentially calls for law enforcement or
- 5 state secrets information. But you can answer to
- 6 the extent that you can.
- 7 THE WITNESS: There are limited purposes
- 8 for which individuals who do not meet the reasonable
- 9 suspicion standard can be included in the Terror
- 10 Screening Database in order to facilitate screening
- 11 processes specifically for the Department of
- 12 Homeland Security and Department of State.
- 13 BY MR. ABBAS:
- 14 Q. So the Terror Screening Center does not 15 apply the TSDB inclusion standards to every person 16 that is in the TSDB?
- 17 MS. KONKOLY: Objection. Vague. Calls 18 for -- objection. Vague.
- 19 THE WITNESS: I would clarify that you 20 keep use the word TSDB inclusion standard. That's
- 21 not a word I have used. I would say that is the
- 22 reasonable suspicion standard that's applied to
- 1 known or suspected terrorists.
- 2 BY MR. ABBAS:
- Q. So we are going to argue -- not argue. I
- 4 am going to ask you questions about the content of
- 5 the reasonable suspicion standard. And I am using
- 6 the inclusion standard, because I don't think it is
- 7 a reasonable suspicion standard. But is the
- 8 standard that TSC applies to determine whether
- 9 someone is included in the TSDB, you refer to that
- 10 as the reasonable suspicion standard, correct?
- 11 A. That is correct.
- 12 Q. Okay. I refer to that as the inclusion 13 standard.
- 14 A. Okay. I am just saying that my concern 15 about that is precision is important here.
- 16 Q. Of course.
- 17 A. It is going to be confusing going
 18 forward. And we may have to keep clarifying this
 19 because this is complex stuff. So we have got to be
 20 precise.
- 21 Q. And I appreciate you working together 22 with me as we are trying to clarify the language. I

- 1 have not worked at the TSC, so I don't know your
- 2 language.

A. I understand.

- Q. Does the TSC -- let me try asking the
- 5 question a different way. Does the TSC apply the
- 6 same standard to every person in the Terror
- 7 Screening Database?
- MS. KONKOLY: Objection. Vague.
- 9 Objection. Calls for information that's potentially
- 10 -- a full answer may call for information protected
- 11 by the law enforcement or state secrets privilege.
- 12 But you can answer to the extent that you can.
- 13 THE WITNESS: I believe, as I just 14 testified, the answer to that is no.
- 15 BY MR. ABBAS:
- 16 Q. Why doesn't the Terror Screening Center 17 apply the same standards to every person in the
- 18 Terror Screening Center? I am sorry. Let me start
- 19 that again. Why doesn't the Terror Screening Center 20 apply the same standard to each person in the Terror
- 21 Screening Database?
- MS. KONKOLY: Objection. Vague.
- 1 Objection. Calls for information potentially
- 2 protected by the law enforcement or state secrets
- 3 privilege. You can answer to the extent that you
- 4 can.

- 5 THE WITNESS: Because we were directed by
- 6 the Watch Listing Advisory Council in certain
- 7 instances for certain purposes to apply a different
- 8 standard.
- 9 BY MR. ABBAS:
- 10 Q. When did the Watch Listing Advisory
- 11 Council tell the Terror Screening Center to
- 12 establish exceptions to what you are calling the
- 13 reasonable suspicion standard of the TSDB?
- 4 MS. KONKOLY: Objection. Vague.
- 15 Objection. Potentially calls for law enforcement
- 16 sensitive information. You can answer to the extent
- 17 that you can answer. And SSI.
- 18 THE WITNESS: I think I can only give a 19 general answer to that to say that was after 2009.
- 20 BY MR. ABBAS:
- 21 Q. Okay. Are the exceptions to the TSDB
- 22 inclusion standards memorialized in the document?

85

1	there	is an	investi	gation	of an	individual	I	think
1	uicic	is an	mvesu	ganon	or an	marviauai	, т	иших

- 2 that is appropriate. But to fully answer your
- 3 question, that would assume a predicated
- 4 investigation pursuant to -- if we are talking about
- 5 the FBI, pursuant to the guidelines that the FBI
- 6 follows. But is not, per se, simply to recruit
- 7 someone who is not subject to a predicated
- 8 investigation.
- 9 BY MR. ABBAS:
- 10 O. Are there individuals on the Terror
- 11 Screening Database that are informants for the FBI?
- MS. KONKOLY: Objection. Calls for
- 13 information protected by the law enforcement
- 14 privilege, potentially the state secrets. I am
- 15 going to instruct not to answer that one.
- BY MR. ABBAS: 16
- 17 Q. Does the TSDB contain notations if 18 someone is an informant of the FBI?
- MS. KONKOLY: Objection. Calls for law 20 enforcement sensitive and potentially state secrets.
- 21 I am instructing him not to answer that question.
- BY MR. ABBAS: 22
 - Q. Is -- does the FBI utilize -- I am sorry.
- In TSC's understanding, does the FBI utilize the
- TSDB to track persons in the FBI?
- MS. KONKOLY: Objection. Calls for
- information potentially within law enforcement,
- state secrets privileges. Also within the purview
- of another agency. You can answer to the extent
- that you can.
- 9 BY MR. ABBAS:
- 10 Q. Let me withdraw that question. I just
- 11 asked it poorly. Does the TSC know whether the FBI 12 utilizes the TSDB to track the movement of persons
- 13 listed in the FBI?
- MS. KONKOLY: Same objections.
- 15 Potentially law enforcement sensitive, potentially
- 16 state secrets. Vague and within the purview of
- 17 another agency. But you can answer as to your
- 18 understanding.
- 19 THE WITNESS: I think generally, the FBI
- 20 may use -- we would -- someone that the FBI has
- 21 interest or equities with respect to, we would
- 22 report what we would call encounters generally to

1 the FBI.

- BY MR. ABBAS:
- 3 The Terror Screening Center knows that
- the FBI utilizes the TSDB to monitor the movement of
- persons listed in the FBI, correct?
- MS. KONKOLY: Objection.
- Mischaracterizes prior testimony. Objection.
- Potentially law enforcement information within the
- 9 purview of another agency. You can answer to the
- 10 extent that you can.
- THE WITNESS: I think the word monitor is
- 12 -- I wouldn't use that particular word. We report
- 13 encounters when we become aware of them.
- 14 BY MR. ABBAS:
- 15 Q. Why do you report -- why does TSC report
- 16 encounters with TSDB listees to the FBI?
- 17 MS. KONKOLY: Objection. Potentially
- 18 calls for law enforcement sensitive information.
- 19 You can answer to the extent that you can.
- THE WITNESS: To maintain that common
- 21 operating picture, I formally referred to, as it was
- 22 one of the key lessons to be found in the 9/11
- 86
- Commission Report.
- 2 BY MR. ABBAS:
- 3 Q. Who told the Terror Screening Center to
- report encounters with TSDB listees to the FBI?
 - MS. KONKOLY: Objection. Vague.
- Objection. Potentially law enforcement sensitive.
- You can answer to the extent that you can.
- THE WITNESS: I am going to assume that
- 9 that happened very early on in the creation of that.
- 10 You know, that would be something governed by the
- 11 Watch Listing Advisory Council. It has long and/or
- 12 always been the case that that's been true.
- 13 BY MR. ABBAS:
- Q. What is TSC's understanding of what the
- 15 FBI generally does with TSDB listee encounter
- 16 information that it receives from the Terror
- 17 Screening Center?
- MS. KONKOLY: Objection. Potentially 18
- 19 calls for law enforcement sensitive information.
- 20 Also, information within the purview of another
- 21 agency to which Mr. Groh cannot bind any other
- 22 agency. But you can answer as to your understanding

33 (129 to 132)

131

132

129

MS. KONKOLY: Objection. Asked and

- 2 answered.
- THE WITNESS: It is EMA, which stands for
- 4 Encounter Management Application. We refer to it as
- 5 EMA.
- 6 BY MR. ABBAS:
- 7 Q. So EMA?
- 8 A. Yes.
- 9 Q. Does TSC -- TSC creates, maintains, and 10 disseminates TSS, correct?
- 11 A. Disseminates -- I just want to make a
- 12 distinction between the way TSDB is disseminated.
- 13 It is quite different from the way EMA or encounter
- 14 information, would be a better way to put it, is
- 15 disseminated. They are not the same kind of
- 16 automatic access to that data that there is for the
- 17 Terror Screening Database. In some ways they are 18 quite different.
- 19 Q. Okay. So they are disseminated
- 20 differently and access to them -- I'm sorry. TSC
- 21 regulates access to EMA information differently than
- 22 -- I am sorry. Let me back up. TSC manages access
 - 130
- 1 to encounter information differently than it manages
- 2 access to TSDB information?
- 3 A. Correct.
- Q. Was it always TSC that managed -- I am
- 5 sorry. Was it always TSC that always maintained
- 6 encounter information regarding TSDB listees?
- 7 MS. KONKOLY: Objection. Vague,
- 8 objection. Potentially law enforcement privilege.
- 9 Objection. Scope. But you can answer that if you 10 know.
- 11 THE WITNESS: The -- the encounters have
- 12 always been reported to TSC. There was a change, I
- 12 always occurreported to 15C. There was a change,
- 13 believe, in about 2013 where that encounter
- 14 information used to be housed at FBI and is now
- 15 housed at TSC.
- 16 BY MR. ABBAS:
- 17 Q. Who made the decision to transfer
- 18 encounter information from FBI to TSC?
- 19 MS. KONKOLY: Objection. Vague.
- 20 Objection. Potentially law enforcement privilege.
- 21 Objection. Scope. You can answer if you know.
- THE WITNESS: Certainly the FBI, I

- 1 believe, and TSC probably in concurrence decided
- 2 that that was the thing to do. I assume that that
- 3 was then ratified by the Watch Listing Advisory
- 4 Council.
- 5 MR. ABBAS: Indiana.
- 6 BY MR. ABBAS:
- Q. The -- why did TSC assume control over
- 8 encounter information from the FBI?
- 9 MS. KONKOLY: Objection. Calls for a
- 10 legal conclusion. Objection. Potentially
- 11 privileged under the law enforcement privilege. But
- 12 you can answer if you know without waiving the 13 privilege.
- 14 THE WITNESS: I think it was found -- it
- 15 was believed to be more efficient to have the folks
- 16 that made decisions on dissemination co-located with
- 17 the individuals who received the initial report of
- 18 the encounter. It was an opportunity for better
- 19 collaboration. And to the best of my knowledge,
- 20 that's why a decision was made.
- 21 BY MR. ABBAS:
- 22 Q. Did the transfer of encounter information
- 1 from the FBI to the Terror Screening Center involve
- 2 the export of information that TSC did not already
- 3 have?
- 4 A. I am sorry. To export to who?
- 5 Q. TSC. From the FBI to TSC. Let me try to
- 6 ask it a different way.
- 7 A. Sure.
- 8 O. Was the FBI -- did the FBI collect
- 9 encounter information -- I am sorry. Prior to TSS,
- 10 did the FBI collect encounter information that TSC
- 11 didn't have?
- 12 A. I believe TSC had access to that
- 13 information. But yes, I think -- it was really a
- 14 two-step -- it was really a two-step process prior
- 15 that we have now made more seamless by co-locating
- 16 and honestly bringing what was previously separate 17 systems together.
- 18 Q. So now there is only one single system
- 19 that houses TSDB listee encounter information,
- 20 correct?
- 21 A. Yes.
- Q. And the name of that system is TSS?

50 (197 to 200)

199

- 1 Objection. Calls for a legal conclusion insofar as
- 2 -- also, objection insofar as the answer would call
- 3 for information protected by the law enforcement
- 4 privilege. You can answer to the extent that you
- can.
- THE WITNESS: It would be governed by the 6
- 7 Watch Listing Advisory Council as we discussed -- as
- 8 we discussed earlier.
- 9 BY MR. ABBAS:
- 10 O. Does TSC know which entities have access 11 to the NCIC?
- 12 MS. KONKOLY: Objection insofar as the
- 13 information -- the answer would call for information
- 14 protected by the law enforcement privilege. You can
- 15 answer to the extent that you can.
- 16 THE WITNESS: Certainly, NCIC knows who 17 they then export to. But the TSC does not have
- 18 direct knowledge of that.
- 19 BY MR. ABBAS:
- 20 O. Does TSC have access to NCIC?
- 21 A. TSC has access to NCIC via the State of 22 Virginia, who then receives it from the Criminal
- 1 Justice Information System's division, CJIS, which 1
- runs NCIC.
- Q. So the Terror Screening Center has access
- to the NCIC because Virginia has access to the NCIC?
- 6 Q. Why is that the arrangement?
- MS. KONKOLY: Objection insofar as the
- answer would call for --
- 9 BY MR. ABBAS:
- Q. Let me withdraw it. Why doesn't the
- 11 Terror Screening Center get access to the NCIC
- 12 directly from the FBI?
- MS. KONKOLY: Objection. Vague. 13
- 14 Objection insofar as the answer would call for
- 15 information protected by the law enforcement
- 16 privilege. You can answer to the extent you can.
- THE WITNESS: I honestly don't know why
- 18 the system was set up that particular way. It is
- 19 true nationwide.
- 20 BY MR. ABBAS:
- What's true nationwide? 21 O.
- 22 The entities geographically located

- 1 within a state or territory receive NCIC through
- that state or territorial -- I forget what the term
- is NCIC bureau or something along those lines.
- 4 BY MR. ABBAS:
- Q. So there is like a single point of
- contact for NCIC information per state?
- Yes.
- Q. Okay. And territories?
- 9
- 10 O. Okay. Which Federal Government entities
- 11 -- I am sorry. TSC provides -- I am sorry. Let me
- 12 start over. TSC exports TSDB information in a
- 13 variety of different ways to recipients of TSDB
- 14 information, correct?
- 15 A. Yes.
- 16 Q. Are there a fixed number of ways that TSC 17 provides TSDB information to entities that receive 18 TSDB information?
- MS. KONKOLY: Objection. Vague.
- 20 Objection insofar as the answer would call for
- 21 information protected by the law enforcement
- 22 privilege. You can answer to the extent you can.

200

- THE WITNESS: I think each individual export is -- each system is unique in some way. So
- I think they are all different.
- BY MR. ABBAS:
- Which Federal Government entities have
- 6 real-time access to TSDB information?
- MS. KONKOLY: Objection insofar as the
- answer would call for information protected by the
- 9 law enforcement privilege. You can answer to the
- 10 extent you can.
- THE WITNESS: So, generally, the
- 12 Department of Homeland Security, the State
- 13 Department we have already talked about; the FBI,
- 14 including NCIC. I think that covers -- I think that
- 15 covers most of them. Of course, there are
- 16 subcomponents to some of those.
- 17 BY MR. ABBAS: O. To DHS?
- 19 A. Including DHS.
- 20 O. Does USCIS have real-time access to TSDB
- 21 information?
- 22 MS. KONKOLY: Objection insofar as the

3

217

1 compound. Objection insofar as the information

- 2 calls -- I'm sorry -- as the answer calls for
- 3 information protected by the law enforcement
- 4 privilege. You can answer to the extent that you
- 5 can.
- 6 THE WITNESS: I think violations is a
- 7 very strong word. I think that this is a complex
- 8 process. And as we see here in this deposition,
- 9 terms are important and often misunderstood and
- 10 clarification is required. So I think there is
- 11 constant ongoing clarification, discussion,
- 12 adjusting to changing circumstances that goes on
- 13 across the entire enterprise. I am not aware of
- 14 something where I believe it would constitute a
- 15 violation of an intentional misuse of TSDB data.
- 16 BY MR. ABBAS:
- 17 Q. So the Terror Screening Center is not 18 aware of a single instance in which an agency has 19 misused TSDB information?
- 20 MS. KONKOLY: Objection.
- 21 Mischaracterized his prior testimony. Objection
- 22 insofar as the answer would call for information
- 1 protected by the law enforcement privilege. You can
- 2 answer if you can.
- THE WITNESS: Again, I have a hard time
- 4 with the word misused. I think there is often
- 5 clarification needed on what we or one of our
- 6 partners is doing, how we interact. But you are
- 7 implying certain nefarious activity in there. And
- 8 as far as something I would describe as nefarious,
- 9 not liking the word misused, I would say no.
- 10 BY MR. ABBAS:
- 11 Q. Has TSC ever withheld TSDB information
- 12 from an entity that would otherwise receive TSDB
- 13 information as a result of how that entity was
- 14 utilizing TSDB information?
- 15 MS. KONKOLY: Objection. Vague.
- 16 Objection as to scope. Objection insofar as the
- 17 answer would call for any information protected by
- 18 the law enforcement privilege. You can answer to
- 19 the extent that you know and can do so.
- THE WITNESS: I think those kind of
- 21 disagreements to take a sanction against a partner
- 22 like that would require us to go to the Watch

1 Listing Advisory Council and go through the

55 (217 to 220)

219

220

- 2 aforementioned process to reconcile that.
 - BY MR. ABBAS:
- 4 Q. And, ultimately, if there is a dispute,
- 5 the National Security Council resolves that?

A. That's correct.

- Q. And the National Security Council has
- 8 never resolved a dispute regarding -- I am sorry,
- 9 let me ask that question. Has the National Security
- 10 Council ever resolved a dispute regarding the use of
- 11 TSDB information?
- MS. KONKOLY: Objection. Vague.
- 13 Objection as to scope. Objection insofar as the
- 14 answer would call for information protected by the
- 15 law enforcement privilege. You can answer to the
- 16 extent you know and can do so without waiving any 17 privilege.
- 18 THE WITNESS: Not to -- not to my
- 19 knowledge and certainly not recently if it ever did 20 happen.
- 21 MR. ABBAS: Indiana.
- 22 BY MR. ABBAS:
 - Q. Has the Watch List Advisory Council -- is
- 2 it the Watch Listing Advisory Council or Watch List
- 3 Advisory Council?

4 A. Watch Listing.

- Q. Oh, Watching Listing, okay. Has the
- 6 Watch Listing Advisory Council ever made a decision
- regarding the -- I am sorry.
- 8 MR. ABBAS: Can you read back my last
- 9 question?

218

- 10 (The record was read.)
- 11 BY MR. ABBAS:
- 12 Q. Has the Watch Listing Advisory Council
- 13 ever resolved a dispute regarding the use of TSDB
- 14 information?
- MS. KONKOLY: Objection. Asked and
- 16 answered. Objection as to scope, both temporarily
- 17 and now insofar as the topics for this deposition
- 18 are defined. Also objection as to the information
- 19 calling or the question calling for information
- 20 within the purview of another agency. Objection
- 21 insofar as the answer calls for information
- 22 protected by law enforcement privilege. You can

57 (225 to 228)

Conducted on March 1, 2018 227 1 you. But I thought counsel would slap me around. MR. ABBAS: Arizona. 1 BY MR. ABBAS: 2 2 BY MR. ABBAS: 3 What is it called? What is it? Q. What kinds of things are in these Statements of conclusion? statement of conclusions? MS. KONKOLY: Objection. Vague. A. Statement of conclusion. Q. Statement of conclusion. Objection insofar as it calls for information 6 protected by either the deliberative process A. And periodically the Watch Listing Guidance is updated. And we have previously privilege or the law enforcement privilege. You can Q. We have covered that. answer to the extent that you can. A. There you go. 10 THE WITNESS: Topics discussed, consensus 10 Q. How many statements of conclusion has --11 reached, do-outs, report-backs from various 12 well, how many times a year does -- let's take 2017. 12 participants. 13 How many times in 2017 did the Watch Listing 13 BY MR. ABBAS: 14 Advisory Council meet? Q. Are you -- is the Terror Screening Center 15 aware of any Watch Listing Advisory Council MS. KONKOLY: Objection insofar as that 16 call for information protected by the law 16 statement of conclusions that regards the -- I am 17 enforcement privilege. You can answer if you can. 17 sorry. I am going to start that question over THE WITNESS: I would say generally 18 again. When the Watch Listing Advisory Council 19 quarterly. I don't remember specifically. 19 issues a statement of conclusion, are the member 20 Quarterly, sometimes more frequently. 20 agencies of the Watch Listing Advisory Council bound BY MR. ABBAS: 21 to follow the substance of those conclusions? 21 22 So at least -- at least multiple times a MS. KONKOLY: Objection. Vague. 228 226 1 year? 1 Objection insofar as the information -- the answer 2 calls for information protected by the law 2 A. Yes. Q. And I have asked this, but I just can't 3 enforcement privilege or a legal conclusion. And I 4 remember the answer. The Watch Listing Advisory 4 will also note an objection to scope. You can Council has existed since at least 2009? answer if you can. MS. KONKOLY: Objection. Asked and 6 6 THE WITNESS: I think because those answered. 7 decisions are reached by consensus, it is understood BY MR. ABBAS: 8 that that is the agreement. And if somebody wants 9 Q. And I could be wrong. 9 to revisit that agreement, there's the 10 A. I believe so. I believe so. 10 aforementioned processes to do so. Q. Okay. It has existed for at least the 11 BY MR. ABBAS: 11 12 last five years? 12 Q. So is the Terror Screening Center's A. Yes. 13 13 testimony that the member agencies that comprise the Q. Okay. And during those five years the 14 Watch Listing Advisory Council adhere to the

17 A. Yes.

16 years it has met multiple times?

18 Q. And each time the Watch Listing Advisory 19 Council meets, it issues a statement of conclusion?

15 Watch Listing Advisory Council -- each of those five

20 A. It certainly has since I have been there. 21 And I have reason — as far as I know, it did prior 22 to that.

21 information calls for any information protected by 22 the law enforcement privilege. You can answer to PLANET DEPOS

16 statements of conclusions?

15 substance of the Watch Listing Advisory Council's

18 that information calls for information within the

19 purview of other agencies Mr. Groh cannot bind. 20 Objection. Vague. Objection insofar as the

MS. KONKOLY: Objection as to the extent

Transcript of Timothy P. Groh, Designated Representative 58 (229 to 232) Conducted on March 1, 2018 229 231 1 the extent that you can. permissive? THE WITNESS: Yes. If it has been

3 concluded by the council, that means it was at that

- 4 point without dissent. And so my expectation would |4
- 5 be that that's what we would follow until -- unless
- and until we ever revisited the issue.
- BY MR. ABBAS:
- Q. Does the Terror Screening Center maintain 9 a record of all of the statements of conclusions 10 that the Watch Listing Advisory Council has issued?
- A. I believe so. 11
- 12 Q. Have any of those statement of 13 conclusions that the Watch Listing Advisory Council | 13 be reflected by the year. 14 has issued regard tightening or loosening the TSDB's 14 15 inclusion standard?
- MS. KONKOLY: Objection insofar as that 16 17 information calls for information protected by 18 either the law enforcement privilege or the state 19 secrets privilege potentially SSI. Objection 20 insofar as the information is within the purview of 21 other agencies. You can answer to the extent that 22 you can.

230 THE WITNESS: I believe that it is likely that they do.

- 3 BY MR. ABBAS:
- Q. So there have been Watch Listing Advisory
- Council statement of conclusions that regard
- 6 loosening or tightening the TSDB's inclusion
- 7 standards?
- MS. KONKOLY: Objection.
- 9 Mischaracterizes prior testimony. Objection. Same 10 objections insofar as the answer would implicate
- 11 information protected by the law enforcement,
- 12 potentially the state secrets or SSI privileges.
- 13 You can answer if you can.
- THE WITNESS: I believe it would be 15 reflected there or in an update to the Watch Listing 16 Guidance or both.
- Q. Has the TSDB inclusion standard ever been 18 tightened?
- 19 MS. KONKOLY: Objection.
- 20 BY MR. ABBAS:
- Q. I'm sorry. Let me rephrase. Has the 21 22 TSDB inclusion standard ever been made more

MS. KONKOLY: Objection. Vague.

Objection insofar as the answer --

THE WITNESS: Yeah, it was vague.

Describe which way you mean permissive to be.

BY MR. ABBAS:

O. So the number of nominations to the TSDB

8 varies by year, correct?

- A. Yes.
- 10 Q. And the number of nominations accepted by 11 TSC varies by year, correct?
- 12 A. Yes. It varies all the time, but it can
- Q. Has TSC ever made it -- has TSC ever 15 taken actions that would produce a higher nomination 16 acceptance rate by making the TSDB inclusion 17 standards more permissive?
- MS. KONKOLY: Objection. Vague. 19 Objection insofar as the answer calls for 20 information protected by the law enforcement 21 privilege and state secrets privilege. You can 22 answer if you can.

232 THE WITNESS: So you mean -- you mean to

- -- I take it you mean to raise or lower the bar.
- You mean to lower the bar for nominations. Is that what you are saying?
 - BY MR. ABBAS:
- Q. To make more permissive would be lowering the bar. To make less permissive would be raising the bar.
- 9 MS. KONKOLY: Same objections.
- 10 BY MR. ABBAS:
- Q. So let me -- with that understanding, let 12 me ask the question again. I think now -- I think 13 now we are on the same page. Has TSC taken any 14 actions that would make the inclusion process more 15 permissive?
- MS. KONKOLY: Objection. Vague. 17 Objection insofar as the answer would call for any
- 18 information protected by the law enforcement or
- 19 potentially state secrets privileges. You can
- 20 answer to the extent you can.
- THE WITNESS: So I think we already 22 described changes that were made circa 2009 with
